TRANSIT KIT INFO

Q6000Z
THIS SECTION MUST BE READ

The Transit Securement Package, when used in conjunction with a **wheelchair in the specific configuration of an 18”x 20” seat size with 25” high back canes, Full-length height-adjustable single post armrests, Synergy back 25”h, and style 8 swing away legrests and extruded footplates and heel-loops,** conforms with the standard of ANSI/RESNA WC/Vol. 4, Section 19, for the purpose of enabling wheelchairs to be secured in certain types of motor vehicles. The Transit Securement Package, including manufacturer-installed front and rear securement brackets and pelvic belt anchoring brackets, has been crash tested in accordance with ANSI/RESNA WC/Vol. 4, Section 19, Frontal Impact Test, with a 168-lbs. (76.2 kg) surrogate occupant corresponding to a user weight range of 115 lbs. (52.16 kg) to 210 lbs. (95.25 kg). While the Transit Securement Package is compatible with additional seat sizes, optional components, and varied configurations, and provides designated securement points, Pride Mobility makes no claims that any other components or configurations have been tested beyond the above described ANSI/RESNA conforming configuration. Please refer to the Transit Securement Package supplement (**part number INFMANU3658**) for additional information.

RULES:
- **All options are available when unoccupied.**
