**Jazzy® PRO**
We take innovation to the next level with a wide variety of technologies and state-of-the-art development.

Mid-Wheel® 6 Technology and Active-Trac® ATX Suspension allow the active front casters to lift when climbing a threshold or obstacle, while also dropping down for stability when descending.

In-line motors deliver enhanced torque, battery range and reliability for the most dependable performance.

Power elevated seating on the Jazzy Air® 2 features Extra Stability Technology®, mechanically stabilizing the power base, for ultimate security when driving at 4 mph while elevated.

1 Jazzy® Power Chairs are FDA Class II Medical Devices designed to aid individuals with mobility impairments.
2 Tested in accordance with ANSI/RESNA, MC Vol2, Section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.
3 Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or -) 3%.
4 Battery weight may vary based on battery manufacturer.
5 AGM or gel cell type required.
6 Maximum weight capacity is reduced to 400 lbs. (181 kg) on 18” deep seat configurations.
7 Seat weight included. Unit does not disassemble.
8 40A, PG 6-key VR2 required with power elevating seat option.
9 K0826/K0827 Models: Lifetime limited on frame; 13-month limited on electronics; 13-month limited on drive motors; 13-month on batteries.
K0839 Model: Lifetime limited on frame; 2-year limited on electronics; 18-month limited on drive motors; 13-month on batteries.
10 Not all accessories are available for all products. Please speak with your Provider for details and availability.
11 Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition, and tire condition. This specification can be subject to a variance of (+ or -) 10%.

NOTE: All specifications subject to change without notice.
The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or – 3 %. Dimensions listed are for power chair only. Overall measurements will vary based on seating and accessory selections.

HCPCS codes provided should not be considered as legal advice and do not guarantee reimbursement. DME providers are responsible for determining appropriate billing codes when submitting for insurance reimbursement.

*Not coded by DME PDAC.
