Clean and protect your new power lift recliner purchase with the Pride® Lift Chair Care Kit from Crypton® Super Fabrics. The Pride Lift Chair Care Kit consists of three products that are ideal for Crypton Fabrics, but also work well on any water-cleanable fabric, including carpeting, clothing and bedding. They remove almost any stain imaginable – grease, grass, wine, crayon...anything.

**FEATURES AND BENEFITS**

- **Stain Remover Purple** – removes ink, grease and oil stains
- **Stain Remover Gold** – removes food, beverage and protein stains
- **Crypton® Disinfectant and Deodorizer** – disinfects and deodorizes Crypton fabrics and prevents the growth of mold and mildew
- No solvents, no bleach and no harsh chemicals in any of the products

See pridemobility.com for fabric availability.
Ultrafabrics® Ultraleather™ on Pride® Power Lift Recliners offer a richly detailed grain pattern expressive of premium grade leather. The luxurious two-tone shading of this soft fabric is the result of a laboratory process that layers grain patterns to create depth and texture.

**FEATURES AND BENEFITS**
- Rich feel and natural grain pattern expressive of soft luxury-grade leather
- Clinically proven more resistant to temperature changes than vinyl and genuine leather for comfort
- Antimicrobial surface cleans effortlessly with soap and water

Crypton® Super Fabrics from Pride® Power Lift Recliners are not only luxurious, durable and contemporary, but also resist spills, stains, odors and bacteria. Nothing gets past Crypton's unique patented integrated fiber process, protecting your upholstery inside and out.

**FEATURES AND BENEFITS**
- 100% water resistant – spills just wipe away
- Only disinfectable fabrics in the U.S. approved by the EPA
- Permanent technology that will not come off the fabrics
- 5-year warranty on moisture barrier

Lexis Sta-Kleen® Performance Fabric is a revolution in faux leather upholstery -- the first stain resistant urethane fabric. Sta-Kleen offers permanent protection, created with a proprietary bonding process inherent in the manufacturing process of the product. It is not a topical application: it will last the lifetime of the upholstery.

**FEATURES AND BENEFITS**
- Look and feel of real leather, but with care-free durability
- Exceptional strength, abrasion resistance, and UV stability
- “Stain shield” allows spills to wipe off with a cloth, and it’s anti-bacterial.
