2-POSITION TV RECLINE
Lifted • Seated • Reading

The 2-position TV recline is achievable on all Pride® Power Lift Recliners. This is a comfortable position for performing many relaxing activities including reading, watching TV, working on your tablet or for conversation with family and friends.

Lifted • Seated • Reading

3-POSITION FULL RECLINE
Lifted • Seated • Reading

The 3-position full recline is available on most Pride® Power Lift Recliner models and puts you in a position ideal for napping or relaxing.

Lifted • Seated • Reading

TRENDENBURG POSITION

The Trendelenburg position elevates one’s feet higher than his or her heart for increased comfort and relaxation.

Lifted • Seated • Reading

TRUE-INFINITE POSITION
Lifted • Seated • Reading

The true infinite-position recline is perfect for taking a nap. Infinite-position Pride® Power Lift Recliners enable the backrest and footrest to move independently from one another so that a variety of positions can be reached. The LC-580i and LC-525i can achieve true infinite (two, three, infinite, zero gravity, Trendelenburg) positions.

Lifted • Seated • Reading

ZERO GRAVITY POSITION

The zero gravity position, which can be reached on infinite-position Pride® Power Lift Recliner models, positions one’s thighs and lower legs higher than his or her torso.
Ultrafabrics® Ultraleather™ on Pride® Power Lift Recliners offer a richly detailed grain pattern expressive of premium grade leather. Ultrafabrics’ polyurethane products are manufactured utilizing Tukumi™ technology, a 4-layer laboratory process to create a luxurious, durable and comfortable polyurethane fabric.

**FEATURES AND BENEFITS**

- Rich feel and natural grain pattern expressive of soft luxury-grade leather
- Clinically proven more resistant to temperature changes than vinyl and genuine leather for comfort
- Antimicrobial surface cleans effortlessly with soap and water

Crypton® Super Fabrics from Pride® Power Lift Recliners are not only luxurious, durable and contemporary, but also resist spills, stains, odors and bacteria. Nothing gets past Crypton’s unique patented integrated fiber process, protecting your upholstery inside and out.

**FEATURES AND BENEFITS**

- 100% water resistant – spills just wipe away
- Only disinfectable fabrics in the U.S. approved by the EPA
- Permanent technology that will not come off the fabrics
- 5-year warranty on moisture barrier

Lexis Sta-Kleen® Performance Fabric is a revolution in faux leather upholstery — the first stain resistant urethane fabric. Sta-Kleen offers permanent protection, created with a proprietary bonding process inherent in the manufacturing process of the product. It is not a topical application; it will last the lifetime of the upholstery.

**FEATURES AND BENEFITS**

- Look and feel of real leather, but with care-free durability
- Exceptional strength, abrasion resistance, and UV stability
- “Stain shield” allows spills to wipe off with a cloth, and it’s anti-bacterial
