## General

The system provides many benefits when properly fitted by certified technicians, providing the possibility of producing customized versions using multiple configurations which blend seamlessly within Tarta's clean and uncluttered lines.

Read and understand all instructions prior to the use of the product. Failure to adhere to instructions and warnings in this document may result in property damage, injury, or death. Product misuse due to failure of the following instructions will void the warranty.

Immediately discontinue use if any function is compromised, parts are missing, loose, or shows signs of excessive wear. Consult with your supplier for repair, adjustment, or replacement.

If this document contains information you do not understand, or there are concerns about safety or operation, contact your supplier.

## Important Information!

All persons responsible for fitting, adjustment, and daily use of the devices discussed in these instructions must be familiar with and understand all safety aspects of the devices mentioned. In order for our products to be used successfully, you must:

- Read and understand all instructions and warnings.
- Maintain our products according to our instructions on care and maintenance.
- Devices should be installed and adjusted by a trained technician.

## Supplier Reference

Supplier: \_\_\_\_\_

Telephone: \_\_\_\_\_

Purchase Date: \_\_\_\_\_

Model: \_\_\_\_\_

Before you install or begin using this product, it is important that you read and understand the content of these installation and operating instructions.

The installation instructions will guide you through the options and possibilities with the product.

Instructions are written with the expressed intent of use with configurations. They also contain important safety and maintenance information, as well as describe possible problems that can arise during use. For further assistance, or more advanced applications, please contact Pride Mobility Products at 888-570-1113. Always keep the operating instructions in a safe place so they may be referenced as necessary.

All information, pictures, illustrations, and specifications are based on the product information that was available at the time of printing. Pictures and illustrations shown in these instructions are representative examples and are not intended to be exact depictions of the various parts of the product.

## Ordering Documentation

You can download additional copies of this user manual on the Pride website <http://www.pridemobility.com/international/canada/canadaownersmanuals.asp>

Or search:

Tarta User Manual in the search bar at the top of the page.

The Tarta back is designed and produced to the highest of standards. The cushions are guaranteed to be free of defects in material and workmanship for a period of 24 months. If any defect in material or workmanship is found, Pride Mobility Products will repair or replace, at our discretion, the Tarta pads. This warranty does not apply to pads abused or misused by the user and deemed such by Pride Mobility Products.

Claims and repairs should be processed through the nearest Pride Mobility provider.

- Modification of product without written approval from Pride Mobility Products.

No person is authorized to alter, extend, or waive the warranties of Stealth Products, LLC. Stealth Products warrants against failure due to defective materials or workmanship:

Hardware: 5 years

Electronics: 3 years

This warranty does not extend to those items which may require replacement due to normal wear and tear.

- Outer covers
- Inner covers
- Circumstances beyond the control of Pride
- Labor, service calls, shipping, and other charges incurred for repair of the product, unless specifically authorized, IN ADVANCE, by Pride Mobility Products
- Repairs and/or modifications made to any part without specific consent from Pride

Exclusions also include components with damage caused by:

- Exposure to moisture

## Warning Labels

### 6.1

Warnings are included for the safety of the user, client, operator and property. Please read and understand what the signal words **SAFETY, NOTICE, CAUTION, WARNING** and **DANGER** mean, how they could affect the user, those around the user, and property.

#### **DANGER**

Identifies an **imminent** situation which (if not avoided) will result in **severe injury, death, and property damage**.

#### **WARNING**

Identifies a **potential** situation which (if not avoided) will result in **severe injury, death, and property damage**.

#### **CAUTION**

Identifies a **potential** situation which (if not avoided) will result in **minor to moderate injury, and property damage**.

#### **NOTICE**

Identifies important information not related to injury, but possible **property damage**.

#### **SAFETY**

Indicates steps or instructions for safe practices, reminders of safe procedures, or important safety equipment that may be necessary.

## Limited Liability

### 6.2

Stealth Products, LLC accepts no liability for personal injury or damage to property that may arise from the failure of the user or other persons to follow the recommendations, warnings, and instructions in this manual.

Stealth Products does not hold responsibility of final integration of final assembly of product to end user. Stealth Products is not liable for user death or injury.

## Testing

### 6.3

Initial setup and driving should be done in an open area free of obstacles until the user is fully capable of driving safely.

The Tarta back should always be tested without any person sitting in the wheelchair until every alteration of the physical installation or adjustment is complete.

## The Tarta System

### 7.1

The Tarta system is a backrest devised to be adaptable to each individual and their unique positioning needs. Using a combination of design, materials, and technology, Tarta delivers a product that is highly configurable but easy to use. It is a product that offers a high degree of comfort while introducing a uniquely functional design following the modular build-a-back philosophy.

The materials used in Tarta have been designed to achieve the highest levels of performance. The pre-stressed steel used for the vertical spine column flexes to follow the movement of the person, giving freedom of movement, and then returns to its original position. The padding is made of washable, breathable material.

The Tarta backrest consists of an exoskeleton similar to the rib cage in which aluminum ribs, (which are adjustable) and can be configured to conform to the position of the person, are attached to central "vertebra" (that can also be tailored in shape and size) that simulate a spinal column.

## Parts Included

## 8.1

The Tarta system consists of a series of “vertebra” that, joined together by elements made of pre-stressed steel, reproduce the shape and characteristics of a spinal column.

The following items are included with each Tarta system:

- Vertebra
- Ribs
- Padding

### Vertebra

Each column is made up of a series of vertebrae, from size ranges of 4 to 6 vertebrae, but the custom build-a-back nature of the product allows for virtually any height back configuration.

Each vertebra has a height of 50mm (1.97in) and a digression to 10mm (.39in).

### Ribs

On each vertebra it is possible to fit ribs that are available in 4/5 different sizes, (S,M,L,XL) . These ribs provide both posterior and lateral support. Made of malleable aluminum, these ribs can be manually contoured in the field to create a more intimate fit.

Each rib can be adjusted by moving the locking plug in order to find the exact position necessary.

### Padding

Once installed, the padding is fitted and easily adjusted by means of the Velcro fasteners.

### Hardware

Once the final configuration has been established, the pads can be permanently mounted to the ribs using the provided t-nuts.

Choosing Your Tarta Back

8.2

Reference the part number key below in order to help create your customized Tarta back.

Part Number Key			
First 4 digits	Style	TRTB	Tarta Back
5th digit	Size	S	Small
		M	Medium
		L	Large
		XL	X-Large
6th digit	Vertebra Size	4	4 Vertebra
		5	5 Vertebra
		6	6 Vertebra
7th digit	Contour	A	Active

Available Tarta Back-in-a-Box packages:

- TRTBS4A
  - TRTBM4A
  - TRTBL4A
  - TRTBX4A
- TRTBS5A
  - TRTBM5A
  - TRTBL5A
  - TRTBX5A
- TRTBS6A
  - TRTBM6A
  - TRTBL6A
  - TRTBX6A

The charts in the following pages show each set of ribs and pads that will come with the a standard Back-in-a-Box package ordered. These parts are for an **ACTIVE Contour Package** configuration of a Tarta back. Extra ribs and pads are provided if the user needs to change from an Active Contour to a **DEEP Contour Package**.

**NOTICE**

A punch is provided in each Back-in-a-Box package.

How To Determine Your Tarta Size

8.3

Back Support Height

8"	9"	10"	11"	12"	13"	14"	Varies depending on # of vertebrae
4 Vertebra		5 Vertebra		6 Vertebra		Custom– As many vertebra as necessary	

NOTICE

The height of a custom Tarta back is dependent upon the number of vertebra requested in the order.

Trunk Width

Small	Medium	Large	Extra Large
<10"	10"-12"	12"-14"	14"-17"

Hardware Selection

Tarta (TRT)			Hardware (HW)		Single (1) or Double Point (2)	Hardware Type (A, F, R)	Size	Marketing Part Number
T	R	T	H	W	1	A	L	TRTHW1AL
T	R	T	H	W	1	A	S	TRTHW1AS

Tarta Hardware Kit, Single Point, Removable, Small-Medium	TRTHW1RS			X	X					
Tarta Hardware Kit, Single Point, Removable, Large–X Large	TRTHW1RL					X	X	X		

## Dealer Assistance

### 9.1

During first time use by the client, it is advised that the dealer or service technician assists and explains the different configurations to the client. If needed, the dealer can make final adjustments.

## User Testing

### 9.2

It is important that the customer is fully aware of the installation and how to adjust the position of the ribs and vertebrae in order to have the Tarta back in the best position for the user.

Have the user test the position of the back:

- Is the placement of the Tarta back in an optimal position for the user?
- Can the user safely operate chair with the placement of the back?

If needed, adjust the Tarta back to the best position for the user.

Explain to the client the possible problems that could arise with the hardware and how to address them.

## Conditions of Use

### 9.3

The Tarta back is intended for use as installed by the dealer, in accordance to the installation and instructions in this manual.

- The foreseen conditions of use are communicated by the dealer or service technician to the user and/or attendant during the first time use.
- If the usage conditions change significantly, please contact your dealer or a qualified service technician to avoid excessive wear and tear or unintended damage.

Failure to comply with these warnings could result in serious bodily harm.

## Cleaning

### 10.1

- The individual parts of the device can be cleaned with a soft, damp cloth.
- Do not immerse the device in water.
- The pads are machine washable. Do not wash with water warmer than 86°F (30°C).

#### SAFETY

The Tarta back should never come into direct contact with the client's skin. A garment or protective material should be worn to avoid skin irritation.

## Maintenance

### 10.2

- Avoid direct contact with fire. The flames could damage the device and cause injury to the user.
- Do not leave the backrest inside the car when exposed to the sun. Excessive temperatures can damage the adhesive applied on the Velcro strap slats.
- Avoid contact with sharp and/or pointed objects or instruments that might damage the device and/or the padding.
- The Tarta backrest has been designed to support a maximum weight of 220 pounds (100kg).

#### SAFETY

Periodically check that the mechanical parts that make up the device have not become loose or have become misaligned.
